At this time the Board heard Mary J. Gowing, Warden of Ward 20, Precinct 3. Ms. Gowing had been asked to appear before the Board regarding her services as an Election Officer at the City Election, 4 November 1975.

On questioning she stated that she had given permission to person who was gathering signatures on petitions, that she first examined the letter of permission, he had, and she then allowed him to stay in the building, but not in the precinct. Inasmuch as there were two precincts in this polling location, she was unaware that the Warden in the other precinct had refused permission to this person. She was unaware that she had done anything wrong. She further stated that she had appeared in Court at the request of an attorney, and that she had not been summonsed into Court

BOARD voted to allow her to remain as Warden of Ward 20, Precinct 3.

Following this hearing the Board considered the matter of raising the salaries of Election Officers. Because of the austerity program now in effect the Board voted not to give raises to Election Officers this year.

CITY OF BOSTON

November 3, 1977

Honorable Michael S. Dukakis
Governor of the Commonwealth
State House, Boston 02133

Your Excellency:

The purpose of this letter is to inform you of a vote taken this day by the City of Boston Board of Election Commissioners that you be requested to refrain from signing into law H. 6652.

If this Bill which arrived at your desk yesterday were signed into law, we are informed by our Corporation Counsel that a serious legal question arises concerning the franchise of those persons who have received and have cast some 1755 absentee ballots to date.

Said ballots contain the names of candidates for City Council, School Committee and two (2) binding Referenda Questions concerning the restructure of the Boston City Council and School Committee.

Your legislative office suggested that a partial ballot containing the proposed "Question 3" be sent to the above mentioned persons. However, in discussion with Corporation Counsel, it was decided that this process may in some way affect the franchise of those same voters in such a way that the validity of the election of candidates for the City Council and School Committee could be adversely affected.

We are informed that the General Laws provide that notice be sent to all registered voters at least seven (7) days prior to the November 8 Election. As you will note, this provision is impossible to comply with.

There are some 1200 voting machines located at 252 scattered locations throughout the City which would have to be serviced to comply with this proposed law. At this time, such compliance would be virtually impossible.

We believe that we should inform you that we were prepared to send notices and set machines for three (3) questions. We had ordered a dual set of postcards and ballots for this problem. However, there came a point when we had to make a decision on the sending of absentee ballots and postcards to the voters. That decision was made on Thursday, October 27, 1977.

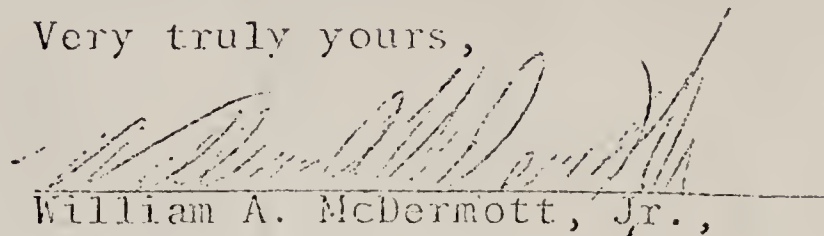

Cont.

-2-

In view of this problem and in order to avoid a similar situation in future years, we have asked the Corporation Counsel to file Legislation for the next session of the General Court, which Legislation shall provide a date certain for an enactment for any question which might appear on a City of Boston Election Ballot.

Very truly yours,

William A. McDermott, Jr.,
Commissioner

The Election Department had been informed of complaints regarding failure to issue Voting Certificates and failure to announce the public count.
